

AIDS FOR DAILY LIVING

Enjoy a better kind of living while maintaining your independence. Mobility, Bathroom, Dressing Aids and other solutions for everyday use.

Transfer Belt

These padded transfer belts assist patient transfers. Allows for the comfort and dignity of patient as well as safety for both patient and caregiver. Pads are 6" wide with four handle loops spaced for safe grip points.

Bed Rope Ladder

This bed rope ladder helps users pull their bodies up from a lying position on the bed. It consists of 5 rungs that are positioned at regular 5-inch intervals. The ladder has a looped end so that it can easily be attached or anchored.

Molded Sock Aid

Our most popular model of stocking aid, making it possible to put on stockings or socks without bending. This pre-molded stocking aid holds its shape and does not collapse when used with elastic stockings. The two curved side pieces are molded to hold the sock firmly in place, and help keep the sock aid open while pulling on the webbing strap to bring the sock onto the foot.

Bath Sponge

A double sided, double textured, white sponge that has a long white curved handle with a large hanging hole which also serves as a convenient hand grip.

Utensil Strap

Versatile utensil may be repeatedly angled or positioned. It can be bent or positioned at any angle and are sized to fit a child's grip and skill level. Fork or spoon in stainless steel or spoon available in Plastisol-Coating that protects teeth and lips

Weighted Pencil Holder

Weighted Universal Pen and Pencil Holder: Holder easily slips onto pens, pencils, markers, paintbrushes and more. The weighted grip has a variable diameter that can be adjusted from 1/8" to 7/16". Weighted universal pen and pencil holder comes with an Allen wrench for adjustment.

Long Handled Brush

Long handled hair brush provides an easier way to comb your hair! Long handled brush has ergonomic design, reducing pain, strain and uncomfortable reaching. Nonslip rubber handles are comfortable to hold for arthritis sufferers and anyone with limited mobility. 14 1/2" long Long handled hair brush provides an easier way to comb your hair.

Shoehorn L-24"

This long shoe horn is 24" long and includes a 6" non-slip red hand grip. It is slip-resistant and ergonomic. Simply slip into shoes without bending, bruising heels or crushing the backs of the shoes for a perfect fit every time.

Handy Reacher L-26

An ultra lightweight, robust reacher that will assist those with restricted reach and/or mobility problems. Features a single moving jaw operated with a trigger action from the handle.

The head is complete with a magnet for picking up small metal objects eg. pins, and a hook to aid dressing.

Utensil Strap

Essential Medical Bendable Utensils offer the right product to meet user needs. Each utensil is bendable allowing it to be used by users that are recovering from upper body orthopedic surgery. Dishwasher safe

Bendable Spoon

This spoon is suitable for people who suffer dementia, arthritis, parkinson's or any other conditions that reduce the ability to eat. The bendable Spoon is highly cost effective, with a soft cushion grip making it very easy to hold. The stainless steel flexible section allows the spoon to be bent to any angle therefore reducing the strain placed on the wrists and hands.

UTENSIL KIT

Make it easier to eat by utilizing adapted utensils and cutlery. Weighted forks, spoons and knives are perfect for those with tremors; bendable utensils accommodate various grips and built-up handles make cutlery easier to hold.

Drinking Cup (1 set)

Designed with a nose cutout to encourage correct head position. Allows user to drink with little or no shoulder flexion, wrist extension or head/neck movement even when wearing a cervical collar. Dishwasher safe plastic.
